

Description

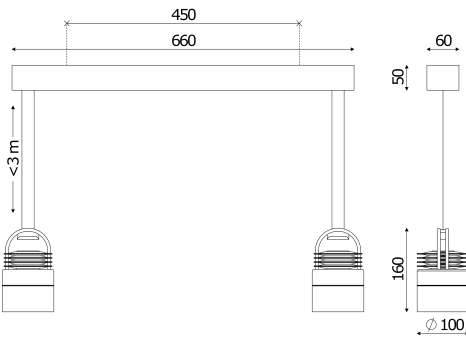

AIRMOD DUO double suspension light with surface-mounted power supply box (Stefan Diez design). BLACK finishing. Equipped with an interchangeable GLASS shade GREEN tinted. Two low-voltage heads, diameter 100, can be oriented through 360° thanks to a nickel-plated copper double hoop. Black anodised aluminium fin passive heat sink. Interchangeable tubular shade in green-tinted tempered glass

Light specifications and controlling

- CoB LED Module 900 lm (without endcap), IRC>90, 2700 K, 3 SDCM
- Interchangeable optics unit composed of a mixing chamber and a sandblasted glass lens with controlled lateral glare
- Constant Current Driver (non-dimmable)

Installation and maintenance

- Dimensions : Head : $\text{\O}100 \times 160$ mm, Box : $660 \times 50 \times 60$ mm
- Box in anodised aluminium containing a 220-240 V 50/60 Hz power supply and a $3 \times 2.5 \text{ mm}^2$ terminal block
- For surface mounting via 2 x M3 screws with centre distance 450 mm (not supplied).
- Suspension wires adjustable in height, up to 3 m.

Characteristics

- Warranty : 5 years
- 50 000 h L80/B10 at 25°C
- Operating temperature: -5 °C to +35 °C
- Protection : IP20
- Electrical class: Class I
- Power consumption: 26 W
- Photobiological hazard: Group 1
- Fire resistance: 850 °C
- Weight: 2,29 kg
- Designed and made in France and Germany
